

PAM JOHNSON BRICKELL

Celebrating Nature & the Everyday Through Art

Capturing Aerial Perspective

A Plein Air Watercolor Sketching Workshop

Thursday, October 26th / 9:45 am - 1:00 pm

Rain date: Friday, October 27th / same time

Fish Haul Beach Park

124 Mitchelville Road • Hilton Head Island, SC

Workshop capped at 8 participants / Fee \$80

Registrations are first come, first serve.

Registration closes midnight October 20, 2023

Some sketching and watercolor experience needed.

Do you have trouble with:

- How to capture a scene quickly?
- How to create depth in a landscape?
- What colors to use?
- Getting stuck in details right away?

Then this workshop is for you!

Class Syllabus

During this concentrated study there is a rotation of demonstrations and student exercises geared around thumbnail compositions, simplifying elements in the scene and creating value sketches. A 4B or 6B pencil is a must have. The last half of the class is the study of local color and the rules of thumb for applying colors to capture depth in landscape painting. Expect to make many sketches prior to creating color studies. This is a techniques based class. Be prepared to take copious notes that you will use over and over while building your plein air sketching and watercolor skills.

Suggested Supplies: *keep it simple*

- 8x10 or 9x12 mixed media or watercolor journal
- Travel size watercolor palette/paints
- At least a basic set of warm and cool primary colors plus raw and burnt sienna
- Waterbrush or traditional wc brushes
- Extra water for painting if using traditional brushes
- **4 or 6B Pencils** and waterproof pens
- Backpack for supplies
- Camp stool
- Legal sized clipboard, coroplast sheet or folding clipboard to use as surface to hold your supplies while painting (a video will be supplied upon registration showing these options)
- Binder clips to hold journal and palette on hard surface listed above
- Dress for weather & sun / Bring a snack/drink.
